

Cancer Biology Research Center
The 1st Zvi and Esther Weinstat Graduate Students Award
June 17th 2019 – Dolfi Hall

Organizing Committee:

Prof. Dan Peer – Chair, Dr. Vered Padler-Karavni, Prof. Pia Raanani, Prof Ronit Satchi-Fainaro, Prof. Ido Wolf.

Program:

15:00-15:15 Coffee and Gathering

15:15-15:20 Greetings and opening remarks

Prof. Dan Peer – Faculty of Life Sciences Tel-Aviv Medical center

Mr. Zvi Weinstat

Session 1: 15:20-15:45

Chair: Prof. Ido Wolf

Tel-Aviv Souraski Medical Center

Dr. Raya Leibowitz – Sheba Medical Center,
"Immunotherapy – the promise and the challenge "

Session 2 – 15:45 -16:30

Chair: Dr. Vered Padler-Karavani

Faculty of Life sciences

15:45--15: 50- Amer Elias – The George S. Wise Faculty of Life Sciences
" Anti-cancer binary system activated by bacteriophage HK022 integrase"

15: 50--15: 55 Gali Yanovitz - Sackler Faculty of Medicine
"Clinical Proteomics of Breast Cancer Reveals a Novel Layer of Breast Cancer Classification"

15: 55--16: 00 Lotem Zinger - Sackler Faculty of Medicine
" The role of estrogen receptor and LBD-mutants in rewiring breast cancer cell metabolism "

16: 00--16: 05 Ron Amon - The George S. Wise Faculty of Life Sciences
"Engineering potent antibodies against tumor glycosylation"

16: 05--16: 10 Avi Dayan - The George S. Wise Faculty of Life Sciences
"Insights into the molecular mechanisms of dihydrolipoamide dehydrogenase cytotoxicity in cancer"

16: 10--16: 15 Eya Wolfson - The George S. Wise Faculty of Life Sciences
Ligand-Independent ErbB2 Activation: Oncogenic Significance & Targeted Therapy Potential

16: 15--16: 30 - Awards ceremony and closing remarks - Prof. Dan Peer
