# Creating Paradigm Shifts in Medical Diagnostics

Thursday | June 15<sup>th</sup> 2023 | 9:30

Tel-Aviv Sourasky Medical Center, Sammy Offer auditorium

שימו לב: יש להעביר את כרטיס העובד בקורא הקרבה (שעון הנוכחות) הממוקם בכניסה לאולם.

---

## Speaker:

Y. M. Dennis Lo, The Chinese University of Hong Kong

---

## Abstract:

I first discovered the presence of cell-free fetal DNA in maternal plasma in 1997. In this lecture, I would like to talk about the pathway in which I have translated this discovery into a new platform for noninvasive prenatal testing (NIPT). I shall further discuss the extension of this technology to other areas of molecular diagnostics, such as for the early detection of cancer.
